1.2.7 the words and phrases “other”, “include”, “including” and “in particular” shall not limit the generality of any preceding words or be construed as being limited to the same class as the preceding words where a wider construction is possible.

The Conditions which follow (together with Schedule 6) apply to all sales of livestock and those Conditions set out in Schedules 1 – 5 respectively apply specifically to the livestock referred to in each of them. In the event of any discrepancy between the Conditions which follow (including Schedule 6) and the provisions of Schedules 1 – 5 the latter shall prevail.

2 Time limits

2.1 Time shall be of the essence of all Conditions which contain time limits. Where the time limited for any person to do anything expires on a Sunday, bank or other public holiday, or on the day next following any such day, then such Sunday or bank or other public holiday shall be excluded from the computation of the time.

2.3 Any period of time expressed as a number of days shall be taken to refer to that number of clear days, and similarly for any other period of time.

3 Statements of fact

Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.
4 Service of Notices

4.1 Notwithstanding anything to the contrary in these Conditions, and save as provided by Condition 4.2, any written notice under any of these Conditions may be served on the person to whom it is to be given either personally, or by leaving it for him at his last known address, or by sending it through the post in a prepaid recorded delivery letter addressed to him there, and any such letter shall be deemed to have been received by him at the time at which it would be delivered in the ordinary course of post.

4.2 Any written notice required by any of these Conditions to be given by a Purchaser to a Vendor may be given by such Purchaser to the Auctioneer on the Vendor’s behalf, either by leaving it at the office of the Auctioneer, or by sending it through the post in a prepaid recorded delivery letter addressed to the Auctioneer there and any such letter shall be deemed to have been received by the Vendor at the time at which it would be delivered to the Auctioneer in the ordinary course of post.

4.3 On receiving any notice under Condition 4.2 the Auctioneer shall, as soon as reasonably practicable, communicate its contents to the Vendor.

4.4 Except as above, all communications and negotiations with reference to any dispute between any Purchaser and Vendor under these Conditions shall take place directly between the Purchaser and the Vendor respectively without involving the Auctioneer.

5 Liability of the Auctioneer

5.1 The Auctioneer acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneer or his employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneer nor his employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

5.2 The Auctioneer shall not be liable:

5.2.1 in any way for any errors with or deficiencies in the Vendor’s ear tagging of his cattle, sheep, pigs and goats nor any shortcomings with the reading equipment used in the CPRC in accordance with the EID Regulations nor any reading or print out produced by the said equipment;

5.2.2 in any way for any errors, mis-description or false declarations in any documentation produced by the Vendor and accompanying any animal to a sale, including but without prejudice to the generality of this sub-clause details of its breeding, service by a named sire, animal passports, certificates or movement forms, including any livestock moving directly on from a market to an abattoir, nor, in respect of any such documentation provided to the Auctioneer and subsequently passed on to any one or more third parties;

5.2.3 in any way for any accident which happens to any person while on the Sale Premises, unless it arises out of the negligence of the Auctioneer or his employees or contractors.
5.2.4 in any way in the event of any interruption, suspension, cancellation or disturbance to the telephone or on-line auction service nor any loss arising if any of these events occurs.

5.3 The Auctioneer shall ensure that any weighbridge used at a sale weighs accurately throughout that sale.

6 Conduct of sales

6.1 Every Vendor, bidder and Purchaser shall be deemed to have full knowledge of these Conditions and by taking part in the sale agrees to be bound by them.

6.2 If livestock entered for a sale is advertised by the Auctioneer and the person entering that livestock for the sale fails to bring it to the sale the Auctioneer may charge him a fair and reasonable proportion of the expenses incurred.

6.3 If a person who has brought an animal for sale on to the Sale Premises sells the animal privately on the day of sale and on the Sale Premises, either before it is offered for sale or, if it fails to sell, afterwards, these Conditions shall, so far as applicable, govern that private sale.

6.3.1 In the case of a private sale:

6.3.1.1 the Vendor and the Purchaser shall immediately notify the sale to the Auctioneer and the purchase money shall be payable to the Auctioneer in full as if the sale had taken place through the sale ring; and

6.3.1.2 the Auctioneer may charge the commission which would have been payable if the animal had been sold through the sale ring for the price obtained on the private sale, and if he exercises that right the Auctioneer may deduct the commission from the purchase money before accounting for it to the Vendor.

6.4 If the Vendor fails to comply with the provisions of 6.3.1.1 he shall be liable to pay the Auctioneer’s commission.

7 Exclusion of animals

7.1 The Auctioneer may in his absolute discretion refuse to offer for sale and/or exclude from the Sale Premises any animal brought to the Sale Premises by any person.

7.2 Without limiting its effect the Auctioneer may exercise his rights under Condition 7.1 in relation to:

7.2.1 any animal which shows any signs of disease, deformity or of being dangerous;

7.2.2 any animal which appears to be over-full or excessively dirty;

7.2.3 any bull aged 8 months or more which is not effectively ringed and haltered unless it is a young bull reared to be sold for bull beef which satisfies all current safety regulations.

7.3 The decision of the Auctioneer under this Condition shall be final and binding on all parties and the Auctioneer shall not be liable in any way to any person for any act reasonably undertaken by him in the exercise of his rights under this clause or for any consequences arising from any such decision.
7.4 If any person brings to the Sale Premises any animal which he knows or should reasonably have known to be dangerous, or any animal the exposure of which in any market, or at any sale is for the time being forbidden by law, he shall be liable for all injuries, damages, costs, losses or expenses which the Auctioneer or any other person may sustain or incur, either directly or indirectly, as a result of the animal’s presence at the Sale Premises.

8 Reserve prices, order of sale and bidding

8.1 The Auctioneer reserves on behalf of himself and the Vendor the following rights:

8.1.1 to fix a reserve price;
8.1.2 to bid on behalf of the Vendor up to the value of the reserve price;
8.1.3 to re-arrange, consolidate or withdraw any Lots or to vary the order of the sale; and
8.1.4 without giving any reason, to refuse to accept the bids of any person.

8.2 A Vendor who wishes to fix a reserve price on any Lot owned by him shall notify the Auctioneer in writing before the sale of that Lot, failing which the Auctioneer may sell the Lot to the highest bidder.

8.3 The Auctioneer may refuse to accept bids from a Vendor for a Lot owned by him and a Vendor shall not bid for a Lot owned by him using any agent other than the Auctioneer.

8.4 No person may advance on the previous bid less than the sum announced from time to time by the Auctioneer.

8.5 No bid may be retracted once made.

8.6 The person making the highest bid accepted by the Auctioneer shall be the Purchaser.

8.7 If a dispute arises as to any bidding, then, at the discretion of the Auctioneer, either:

8.7.1 the Lot shall immediately be offered for sale again; or
8.7.2 the Auctioneer shall determine the dispute, and his decision shall be final and binding on all parties

8.8 For the avoidance of any doubt the above Conditions apply whether bidding is by telephone, or on line, in the same way as if the bidder is present at the sale.

8.9 Where a Purchaser wishes to bid by telephone or on line the following additional conditions shall apply:

8.9.1 if the Purchaser is not already known to the Auctioneer he shall provide such personal information as the Auctioneer may require for identification, security and financial purposes (i.e. bank debit card details) as well as two telephone numbers;

8.9.2 the bank card details provided will be used by the Auctioneer to pay the purchase price and any other charges on or before the End of the Day’s Sale.
9 Removal of livestock
The Purchaser shall remove the Lots he has purchased following payment in full to the Auctioneer but only after the Auctioneer has issued him with a written pass and then at his own expense within such reasonable time after the End of the Day's Sale as the Auctioneer may direct.

10 Terms of business
10.1 The Auctioneer shall ensure that his trading terms are clearly communicated to all Vendors and Purchasers by being displayed at the Sale Premises and that they include:

10.1.1 an obligation on the Auctioneer to pay to the Vendor within an agreed time the net proceeds of sale (i.e. the price paid by the Purchaser less agreed commission and any other deductions) for each Lot; and

10.1.2 full details of the rates of commission charged by the Auctioneer.

10.2 If the Auctioneer charges a buyer’s premium this will be clearly communicated to all prospective Purchasers before the sale begins.

11 Statutory levy schemes
11.1 The Auctioneer shall notify Vendors and Purchasers of any statutory levy schemes which are in force at the time of the sale and shall clearly designate prior to the start of the sale the section(s) to which any levy scheme applies. In the case of levy schemes applying to animals designated as slaughter animals and where the Auctioneer has designated a slaughter section of the sale:

11.1.1 the Vendor accepts a liability to be debited with the amount of any such sum recoverable by the Purchaser in respect of all of the animals in that section

11.1.2 the Purchaser accepts that the sum which he may recover from the Auctioneer will be credited to him only for animals sold in the designated section of the sale, even though animals within other sections of the sale may, following their purchase, be sent for immediate slaughter.

11.2 For the purposes of Condition 11.1 the Auctioneer’s decision regarding the designation of animals as slaughter animals or non-slaughter animals shall be final and binding on all parties.

12 Liability of Vendors and Purchasers for documentation
12.1 Where under any Enactment an animal must be accompanied by any documentation:

12.1.1 the Vendor shall be responsible for delivering to the Auctioneer all relevant documents and shall indemnify the Auctioneer against any claim by the Purchaser resulting from false or incorrectly completed documents and in the event of the Vendor’s non delivery to the Auctioneer of any such documentation the Auctioneer shall refuse to accept such animal(s) for sale;
12.1.2 the Vendor shall notify the Auctioneer if he has been suspended from any Farm Assurance Scheme, or any similar scheme, and this information shall be included in any catalogue for sale and announced at the sale by the Auctioneer;

12.1.3 the Purchaser shall be responsible for obtaining from the Auctioneer or the Vendor, as the case may be, all documentation to which he is entitled and shall indemnify the Auctioneer against any claim from any person resulting from the Purchaser’s failure to do so.

12.2 If the Purchaser believes that any documentation is false or incorrectly completed he shall notify the Auctioneer by telephone or email (confirmed by notice in writing posted first class to the Auctioneer and supported by a Veterinary Surgeon’s Certificate or similar officially authorised certificate) before the end of normal business hours on the second day after the day of sale.

12.3 Where any Enactment requires the Auctioneer to give information to any statutory or other authority (such as DEFRA or any of its agencies) or any other organization the Auctioneer may use any documentation or other information in his possession to supply any information that is so required.

13 Disclosure of owner’s name: sale for disclosed principal
13.1 Each animal shall be entered for sale in the name of its owner and if required the owner’s name as given to the Auctioneer shall be announced when the animal is offered for sale.

13.2 Whether or not a Purchaser requires disclosure of the owner’s name the Auctioneer shall for all purposes be deemed to sell as agent for the owner as the disclosed principal.

14 Warranty of Title
All Lots are accepted for sale by the Auctioneer on condition that the Vendor warrants his right to sell the same. The Vendor shall indemnify the Auctioneer and the Purchaser against all actions, costs, proceedings, claims, damages, demands, charges and expenses which they may sustain or incur by reason of any defect in the Vendor’s title or arising from the false or incorrect completion of any documentation.

15 Principal and agent: joint and several liability: bids by agents

15.1 Where animals are offered for sale by a person in his own name but such animal belongs to another person or persons and he is actually acting as an agent he shall, if so required by the Auctioneer, be bound to disclose the name and address of his principal and in such a case both the principal and the agent shall be jointly and severally liable and any steps authorised by these Conditions or by the general law may be taken against either or both of them.

15.2 Any person intending to bid for any animal as an agent shall inform the Auctioneer before the sale of such animal begins and shall, if required by the Auctioneer, disclose the name and address of his principal.

15.3 Subject to Condition 15.4, in all cases where a person whose bid is accepted is acting as an agent, whether or not he has disclosed that fact, he and his principal shall be deemed to be and shall remain jointly and severally liable and:
15.3.1 any steps or proceedings authorised by these Conditions or the general law may be taken or commenced against either or both of them; and

15.3.2 no steps taken or proceedings commenced against the principal or the agent shall be deemed to operate as an election discharging the other from liability unless such steps or proceedings result in a final satisfied judgement.

15.4 Condition 15.3 shall not apply if before the commencement of the sale the person acting as an agent informs the Auctioneer that he intends to bid as a principal, in which case he will be deemed to be solely liable.

16 Name of Purchaser: payment of purchase money: transfer of title

16.1 The Purchaser shall give his name and address to the Auctioneer when requested to do so.

16.2 The Purchaser shall pay the purchase money for each Lot that he bids for successfully to the Auctioneer as soon after the fall of the hammer as the Auctioneer may require. Any time allowed for payment in respect of any purchase money shall not be construed as a waiver of the right to require earlier payment on any subsequent purchase.

16.3 The Purchaser shall not make any set-off or other plea for non-payment of the purchase price and shall be liable to the Auctioneer for any unpaid purchase price whether or not the Lot he successfully bid for has been delivered.

16.4 If the Purchaser fails to pay for any Lot when required to do so by the Auctioneer and he is not entitled to return the Lot under any of these Conditions, the Auctioneer may, by notice in writing to the Purchaser, rescind the sale to him whereupon the Lot shall be deemed to be resold to and become the property of the Auctioneer who shall be responsible to the Vendor for the amount for which the Lot was sold to the Purchaser less the applicable charges.

16.5 Notwithstanding that the risk in an animal in any Lot may have passed to the Purchaser, title to the animal in any Lot will remain with the Vendor until the Purchaser has paid the purchase price for that Lot in full and in the case of uncleared funds the sum has cleared in the Auctioneer’s bank account. Until title has passed to the Purchaser under this condition the Vendor may recover possession of the Lot from the Purchaser and the Vendor or the Auctioneer may enter the Purchaser’s premises (or such other premises where the animal is held) in order to do so. For the avoidance of any doubt the reference to Purchaser’s premises, or such other premises where the animal is held, includes an abattoir in circumstances where an animal has been sold for slaughter and the reference to animal shall include the carcase of an animal that has been slaughtered.

16.6 If the Auctioneer accounts to the Vendor for the purchase price for a Lot (less the applicable charges) before the Purchaser has made payment in full to the Auctioneer the Auctioneer shall be entitled to any rights in any animal in that Lot which the Vendor may have under Condition 16.5.
17  **Sales of animals by a Purchaser**

If, before an animal is removed from the Sale Premises, the Purchaser of the animal sells it to another person and notifies the Auctioneer of the name and address of that person then that person shall be treated as the Purchaser of the animal and shall be entitled to all the rights, and subject to all the obligations, of the original Purchaser under these Conditions but this will not affect the right of the Vendor, or of the Auctioneer as agent for the Vendor, to hold the original Purchaser liable if the subsequent purchaser fails to fulfil any of those obligations.

18  **Responsibility for livestock before and after sale**

18.1 All livestock is at the risk of the Vendor before sale and at the risk of the Purchaser after sale.

18.2 The Auctioneer through his employees and/or contractors shall take reasonable care when moving livestock to and from the sale ring.

18.3 If the Auctioneer expressly agrees to take charge of any livestock after the sale or to forward the same to its destination he shall be liable for any failure to fulfil this obligation which is due to his or his employees’ or contractors’ negligence, but otherwise, save as provided by Condition 18.2, the Auctioneer shall have no liability or obligation for the safe custody of any livestock after the sale.

19  **Default**

19.1 If a Purchaser fails to perform any of his obligations under these Conditions the Auctioneer may cause the Lot in respect of which the failure is made to be resold by public or private sale without warranty or reserve and without notice to the Purchaser.

19.2 If on such re-sale a lower price is obtained for any Lot than was obtained on the original sale, the Purchaser shall be liable to the Auctioneer for the difference in price together with all associated re-sale costs and expenses incurred on the resale.

56  Faults and errors of description
Except as expressly provided in these Conditions there shall be no condition or warranty, otherwise than as to title, in regard to any Lots sold and the Purchaser shall Take Delivery of each Lot with all faults, imperfections and errors of description.

57  Remedy for breach of warranty, other than the Warranty of Title
57.1  Except where otherwise expressly provided, the breach of any warranty in these Conditions shall give the Purchaser a right to refuse to Take Delivery of or to return the animal in accordance with these Conditions and to recover such reasonable costs and charges as he may be entitled to under these Conditions, but shall give him no right to claim damages from the Vendor in lieu of exercising such right of refusal or return. A Purchaser is entitled to the remedies set out in these Conditions, but to no others.
57.2  No claim by a Purchaser under these Conditions shall be valid unless the Purchaser first notifies the Auctioneer in the manner and within the time prescribed set out in these Conditions.
57.3  Where under these Conditions the Purchaser has the option of returning an animal or claiming damages then, unless within 3 days after first notifying the Auctioneer or the Vendor of his claim he either returns the animal to the Auctioneer or, as the Auctioneer may direct, to the Vendor or gives notice in writing to the Auctioneer and the Vendor of his intention to return the animal and of his willingness to comply with any directions which may be given to him regarding the return of the animal, the Purchaser shall be taken to have elected to claim damages and to have waived any right to return the animal.
57.4  Where under these Conditions the Purchaser’s sole remedy is to return the animal it shall be returned within 3 days of any request to do so by the Auctioneer.

58  Procedure in cases of contested claims for breach of warranty
58.1  No claim by a Purchaser that an animal does not comply with any warranty, other than any Warranty of Title, shall be valid unless:
   a) the Purchaser notifies the Auctioneer in the manner and within the time prescribed in these Conditions and provides any Veterinary Surgeon’s Certificate or other person’s certificate or opinion required by these Conditions; and
   b) in a case where the Purchaser claims the right to reject an animal on the ground that its physical condition constitutes a breach of warranty and the Vendor calls for a Veterinary Surgeon’s Certificate the Purchaser provides that certificate within such reasonable period as the Auctioneer may specify.
58.2 Notwithstanding any other provision of these Conditions, where by these Conditions any Veterinary Surgeon’s Certificate or other person’s certificate or opinion must be provided within any specified period the Auctioneer may, either before or after the expiration of the specified period, allow such further time for the delivery of the certificate or opinion as he may in his sole discretion think fit and where the certificate or opinion is provided within that further time the Purchaser’s claim shall be as effective as if the certificate or opinion had been provided within the specified period.

58.3 If the Vendor disputes the Purchaser’s claim for breach of warranty, the claim shall be referred for decision to the Auctioneer or to such other person as the Auctioneer may appoint for the purpose if both parties agree and in the absence of such agreement the appointment shall be referred to the executive board of the Livestock Auctioneers Association whose decision shall be final (in either case the person so appointed shall be called the “Referee”). The Referee, who shall act as an independent expert and not as an arbitrator, shall make such examination or trial of the animal and such inquiry of such persons as in his sole discretion he considers necessary or desirable for determining the dispute.

58.4 The decision of the Referee on any matter referred to him, which shall include the question whether any disease is or is not, whether by reason of its temporary character or otherwise, such as to constitute a breach of warranty, and on whether any animal which is to be returned shall be returned to the premises of the Vendor or of the Auctioneer, shall be final and binding on both Vendor and Purchaser provided that if either the Vendor or the Purchaser so requests in writing within 14 days after the decision the Referee shall within 21 days after receiving such a request put his decision in writing and send a copy to each of the Vendor and the Purchaser.

58.5 The party against whom any decision is given shall pay all reasonable expenses incurred by the Auctioneer in connection with it, including the costs of any examination or inquiry and the fees of any person appointed by the Auctioneer to give any decision or to make any examination, trial or inquiry.

59 Return of livestock

59.1 Where a Purchaser exercises his right under these Conditions to refuse to Take Delivery of any animal or to return it to the Vendor he shall be entitled to the return of such part of the purchase money as he has paid (and need not pay any part of it which he has not paid) and to a refund of the reasonable costs and expenses incurred by him in obtaining any Veterinary Surgeon’s Certificate or other person’s certificate or opinion which he is required to provide under these Conditions in order to exercise his right.

59.2 Where a Purchaser exercises his right to return an animal he shall do so at his own expense but the Vendor shall pay to the Purchaser the reasonable costs and charges of the transit of such animal to and from the Purchaser’s premises and, in the case of an animal which has been on the Purchaser’s premises the reasonable cost of its keep, AND, where a Purchaser cannot return an animal due to the 6 day standstill rules, bTB movement restrictions or other health or statutory restrictions the Vendor will refund to the Purchaser 33.33 per cent of the purchase price of the animal in full and final settlement of his claim.
59.3 Should the Purchaser of any animal return it without being entitled by these Conditions to do so he shall pay the Auctioneer and the Vendor all costs, expenses and damages which they may respectively sustain or incur as a consequence.

59.4 The monies produced by the re-sale, after deducting the costs and charges of and attending the re-sale, a reasonable sum for the feed and care of the animal pending re-sale and any Veterinary Surgeon’s charges necessarily or reasonably incurred, shall be held by the Auctioneer on behalf of the person who proves to be entitled to them, or may be paid into court under interpleader proceedings.

59.5 If the monies produced by the re-sale are insufficient to cover the costs and charges referred to in Condition 59.4 the Auctioneer shall be entitled to recover the shortfall from the person who was the owner of the animal immediately before its re-sale.

59.6 If a Veterinary Surgeon certifies that any animal returned to the Auctioneer’s premises is suffering from disease or any other defect and in consequence ought to be slaughtered, the Auctioneer may, after taking all reasonable steps to notify the Purchaser and Vendor, cause the animal to be slaughtered and shall be entitled to recover from the person who is the owner of the animal at the time when it is slaughtered the Veterinary Surgeon’s charges and a reasonable sum for the feed and care of the animal and its slaughter.
