

PLANT, MACHINERY & SMALL TOOLS SATURDAY 23RD NOVEMBER 2019

The next sale is on Saturday 14TH DECEMBER Please get entries in early for advertising.

A extremely good sale with an even bigger entry of both small tools and large machinery forward. With over 1200 lots of small tools and 600 lots of larger machinery in the yard, the sale is growing more and more. The variety of which was forward in the building left most buyers going home with something. Highlights in the building saw a small generator selling for £230 also a Wacker Plate selling for £175. Catching the eye was a York 38 Sign making £170. Many quality lots forward selling for good prices and from the list below its clear that there was a excellent clearance rate.

In the plant section there where also some tremendous prices but the most popular lot was the JCB 525-50 selling for £12,200 sold to a local farmer. A second JCB LOADALL 530-70 was sold at £10,600. A CASE 856XL, in remarkable condition, caught the eye of quite a few buyers and was also sold for £5,000. Not just as many high value trailers but a nice lfor Williams twin axle made £1,350.

More items required for the next sale on **Saturday the 14th December**, for both inside and out. For more information please contact Jeremy on 07815727993 or Joe on 07970221354. Remember, larger items can now be dropped off prior to the next sale. Please contact Jeremy to arrange a convenient time for you.

**The next is on the 14th of December LAST SALE OF 2019
